EBAC® accredits CME programmes for the international medical community

EBAC® holds an agreement on mutual recognition of substantive equivalency with the US Accreditation Council for CME (ACCME) and the Royal College of Physicians and Surgeons of Canada, respectively. Through an agreement between the European Board for Accreditation of Continuing Education for Health Professionals (EBAC®) and the American Medical Association, physicians may convert EBAC® External CME credits to AMA PRA Category 1 Credits™. Information on the process to convert EBAC® credit to AMA credit can be found on the AMA website. Other health care professionals may obtain from the AMA a certificate of having participated in an activity eligible for conversion of credit to AMA PRA Category 1 Credit™.

Through an agreement between the Royal College of Physicians and Surgeons of Canada and the European Board for Accreditation of Continuing Education for Health Professionals, Royal College MOC Section 1 credits are deemed to be substantively equivalent to EBAC CPD credits.

EBAC® is a member of the International Academy for CPD Accreditation (IACPDA), the World Federation for Medical Education (WFME) CPD Recognition Committee, and a partner member of the International Association of Medical Regulatory Authorities (IAMRA).
